Hey Jiaqi,

I'm writing on behalf of the FRINK team/Chris Bizon. We never received a data sheet from you about your knowledge graph. We want to include some sample queries for your graph in our query page located here: <https://frink.apps.renci.org/>

Could you send me the data sheet and/or a list of sample queries you envision others wanting to run against the Rural Resilience graph?

Thanks,
Laura Christopherson
