## Prateek,

PFA expt details for two more courses which are in the process of being developed at IITB. These need to be integrated into the portal so that we can start hosting the simulators.

Thanks for your help.

Santosh Noronha

Respected Sir,

Greetings for the Day!

Thank You for your mail. As per the conversation with Mr. Pushpdeep, these are the new experiments that have been added to the already approved labs. You may go ahead and create the repository for the mentioned experiments.

Kindly note that as per the standard procedure, the experiments will be hosted after the LDC and the DXP review/approval.

Please let me know in case of any further queries.

Thanks & Regards,

Prateek Sharma
