The features of Apple Cash are services provided by Green Dot Bank, member FDIC ("Green Dot") or Apple Payments Inc. ("Apple Payments"), as described in the terms and conditions for Apple Cash. This account statement includes transactions involving your Apple Cash account, including purchases with your Apple Cash card and person to person payments that are funded with a supported payment card you have added to Wallet, as well as disbursements you receive and direct payments that you make. However, the summary fee totals included with this statement only reflect the fees that are applied against your payment account.

In Case of Errors or Questions About Your Registered Payment Account

Provided Green Dot has successfully verified your identity and your payment account has been registered to you, call (877) 233-8552 or write Green Dot at Apple Cash Customer Service, P.O. Box 5100, Pasadena, California 91117 as soon as you can if you think an error has occurred in connection with your payment account. Green Dot must allow you to report an error until 60 days after the earlier of: (i) the date you electronically accessed your registered payment account information on your device, provided the error could be viewed there; or (ii) the date we sent the first electronic transaction history to you for your registered payment account on which the error appeared. When notifying Green Dot, you will need to tell Green Dot: (i) your name; (ii) why you believe there is an error and the dollar amount involved; and (iii) approximately when the error took place. Green Dot will determine whether an error occurred and will correct any error promptly. If Green Dot takes more than 10 business days to do this, Green Dot will provide a provisional credit to your payment account for the amount you think is in error, so that you will have the use of such amount during the time it takes Green Dot to complete our investigation.
