HOW TO?

## Welcome!

Eureka homepage gives you access to all its functionalities and to other links and resources of interest outside the Council Library.

The **search bar** in the centre of the screen is highlighted, offering both basic and advanced search options.

# Top bar

The top bar allows quick navigation through many functionalities including:

- the **homepage** itself, by clicking on Eureka;
- **PressReader,** your digital kiosk to newspapers and magazines;
- search and alphabetical listing of **journals** and **databases**; and
- **request title** service that you can use when a resource of your interest is not in our collection (more information in the "How to" tab of this guide).

# Bottom bar

In this part, you will find extra information and links to the Council Library webpage and blog, help and the email of the Library. Moreover, two special collections are directly linked:

**Council Bibliographies**: The Council Library collects all published material relating to the European Council, the Council of the European Union and the General Secretariat of the Council. It is a collection covering multiple languages and materials (books, articles, theses...) and is continuously growing and updated.

**Think Tank Review**: The Council Library monitors Think Tank publications from around the world, selecting and providing summaries of relevant documents. In addition to a monthly publication, the Council Library includes these documents in its catalogue to facilitate their search and use. The contents of these documents are the sole responsibility of their authors and do not represent the positions, policies or opinions of the Council of the EU or the European Council.

**Council Bibliographies** - research on the Council | **Library Guides** - selected resources on policy topics | **Think Tank Review** - in-depth analysis on policy topics | **Blog** - follow Library activities | **Help** - make your search a success

The Library guides contain a selection of relevant resources from the online Eureka catalogue of the Council Libraries. They also contain titles beyond our collections, including open-access publications and websites. The Library guides do not necessarily represent the positions, policies or opinions of the Council of the European Union or the European Council.
