EXPERIENCE

HeroHunt.ai

AUGUST 2023 – JUNE 2024

Senior Front-end Developer

- Created a **web application** for AI-assisted recruitment with state-of-the-art tools including **Next.js**, **Tailwind CSS** and **Tanstack Query**
- Created a **browser extension** using **React**, including a custom build process with **Webpack** and integration with third party websites
- **Led the development** of the front-end projects and made critical **architectural decisions**
- **Collaborated** closely with back-end developers to ensure efficient and secure data exchange
- Proactively supported the leadership and design teams to achieve **high-quality system design** and **user experience**
- Released an **open-source** browser extension template

Samsung R&D

JULY 2022 – JULY 2023

Software Developer

- Created a front-end application for managing cloud infrastructure using **TypeScript**, **React** and **MUI**
- Developed a back-end application in **Spring Boot** and **Java**
- Maintained code for **NLP** tasks as part of the Bixby assistant team
- Created an **Electron** app for automating internal release processes

PROJECTS

Mouse Pinch-To-Zoom

Browser extension · 9,300 users · 4.8/5 rating
Emulating touchpad pinch-to-zoom with a mouse wheel

YouTube Custom Speed

Browser extension · 10,000 users · 4.7/5 rating
Easy and customizable way to adjust YouTube playback speed

SplitSmart

Mobile application
Split bills with friends easily using OCR receipt scanning
