

My standalone application crashes most often when closing it after only I have been running it for a short time. If it has been running for half an hour or so then it is much less likely to crash. The crash only happens on my mac, not on my windows computer. Btw, thank you for making such an excellent project. Here is the full crash report.

Translated Report (Full Report Below)

Process: Peacequarium [77268]
Path: /Users/USER*/Peacequarium.app/Contents/MacOS/Peacequarium
Identifier: com.GTGD.Peacequarium
