Re: Cornell University Ithaca Campus (50368) - CT1

Dear Certifying Official:

Thank you for submitting your QA and Certification Data using the U. S. EPA's Emissions Collection and Monitoring Plan System (ECMPS) software. This ECMPS Feedback report provides you with a detailed submission receipt, a summary of the evaluations performed on your submission, and guidance on any follow-up actions needed if any errors were found. EPA has also received a copy of this Feedback Report as part of your submission.

NOTIFICATION: In 2024, ECMPS will transition to the new web-based ECMPS 2.0 reporting platform. For more information, please see: <https://www.epa.gov/power-sector/ecmps-re-engineering-effort>. Please note that the 2.0 reporting platform will no longer include the ability to prepare LME emissions files. Affected LME users will need to explore other options outside ECMPS for preparing their quarterly emissions files.

SUBMISSION STATUS

The EPA has received your QA and Certification Data for the Facility and Monitoring Location(s) listed in Table 1 below. The Table also provides confirmation of EPA's receipt (Date, Time, etc.) of your submission. Table 2 provides a list of the tests, certification events, and QA extensions and exemptions that were submitted. Prior to submission ECMPS evaluated your data and assigned an overall "Feedback Status Level" to it, based on the results (see Table 1). Finally, a summary of ECMPS's Evaluation Results is included.

Table 1: Submission Receipt and Feedback Status Level Information

Report Received for Facility ID (ORIS Code):	50368
Facility Name:	Cornell University Ithaca Campus
State:	NY
Monitoring Locations:	CT1
Submission Type:	QA
Feedback Status Level:	Non-Critical Error
Submission Date/Time:	08/07/2024 2:51:32 PM
Submitter User ID:	RGuck
Submission ID:	1645827

EXPLANATION OF YOUR FEEDBACK STATUS LEVEL LISTED IN TABLE 1

The EPA has accepted your QA/Certification Data submission. However, this submission has failed one or more "Non-Critical" error checks performed by ECMPS. These errors are listed as "NONCRIT" severity-level errors in the Evaluation Results at the end of this Feedback Report.

The "Non-Critical" errors are usually problems that may result in small calculation errors or other possible reporting errors that may have minimal impact on interpretation of the QA/Cert data and no obvious implication for other data. (MP and/or Emissions data). If any of these errors indicate a problem in the reported data, the EPA strongly encourages you to correct the problem(s) and resubmit the data; however, correction of these errors is not required at this time. If you need assistance in interpreting any of these errors, please contact your EPA Analyst listed in Table 1.

OTHER INFORMATION AND BULLETINS FROM EPA

QUESTIONS: Please contact your EPA Analyst listed in Table 1 with any questions regarding this data submission and the evaluation results. If you need assistance with revising the QA/Certification Test data for this facility, please send an e-mail to ECMPS Technical Support at: ecmps-support@camdsupport.com.

DATA RESUBMISSION: If you need to resubmit QA/Certification Test data, please complete the ECMPS Data Resubmission Request Form located at: https://ecmps.camdsupport.com/help_resubmit_form.shtml. Please provide detailed documentation of the reasons for the resubmission.

NOTE: if the resubmission also affects related Emissions data, be prepared to request resubmission of the revised Emissions report(s) as well. Support staff will review your request and notify you via e-mail once the necessary database access has been granted for your resubmission.

ECMPS Data Reporting Instructions: for detailed information about reporting Monitoring Plan, QA/Certification Test, and Emissions data, please see the ECMPS Reporting Instructions on EPA's website at: <https://www.epa.gov/airmarkets/ecmps-reporting-instructions>.

If you have any questions regarding this correspondence, please feel free to contact your EPA Analyst listed in Table 1 as soon as possible. Thank you for your attention to this matter.
