Gujarati

## PROFILE

An enthusiastic and innovative third-year B.Tech IT student at Vellore Institute of Technology, specializing in software development, data analysis, and machine learning. With a passion for creating impactful technological solutions, I have honed skills in full-stack web development, agile project management, and effective team collaboration. Adept at translating complex technical concepts into practical applications, I am committed to leveraging cutting-edge technology to address real-world challenges and drive meaningful progress. I aim to bring my abilities to contribute to groundbreaking projects and advancements.

-----------------------------------------------

## WORK EXPERIENCE

### Internship at Octanet Services Pvt Ltd
Feb 2024

- Spearheaded the development and deployment of dynamic web applications, significantly enhancing performance and user experience.
- Led cross-functional teams in the successful delivery of multiple projects, ensuring adherence to deadlines and surpassing client expectations.
- Acquired proficient skills in cutting-edge web technologies and frameworks, leveraging them to innovate and optimize project outcomes.

### Contributor at GSSoC'24 (Girl Script Summer of Code)
May'24 - Aug'24

- Distinguished as one of the top 50 contributors in GSSoC, a program with over 27,000 registered participants.
- Pioneered the development of pivotal features and solutions, resolving complex technical challenges and advancing project functionalities.
- Collaborated effectively within a global team of developers, fostering a culture of innovation and excellence.

-----------------------------------------------

## PROJECTS

### Frontend

- **e-commerce website**
- **Todo List**
- **Netflix Landing Page**
- **Airbnb Website**
- **Apple Landing Page**
- **Frogger Game**
- **Concentration Game**
- **Drag And Drop Puzzle**
- **Cooking Game**

### Backend

- **HealthHub Website**
- **Airbnb**
- **Weather Application**

-----------------------------------------------

## EXTRACURRICULAR

- **Bolt Hackathon Participation:**
  - Developed a HealthHub website that garnered commendable feedback, showcasing innovative design and functionality, despite not securing a top 3 position.
- **Dream Merchants Club:**
  - Organized and led a highly successful stochastic event during Yantra, demonstrating exceptional organizational and leadership skills within the tech community.
- **Gravitas Event Participation:**
  - Spearheaded a significant event during Gravitas, the prestigious tech fest at your university, making notable contributions to its success and furthering your impact in the tech community.
