LMS Reporting : Completed / Incomplete

LMS Reporting

Report status to LMS as:

Chamilo

1. Coures uploaded Chamilo
2. Start course
3. Exit course at slide 4
4. Status : Not Completed : **normal behavior**
5. Restart courses
6. Resume Course Y/N : **normal behavior**
7. **Visit 7 slides (after the 5 of completion)**
8. Course status is **Completed** : **normal behavior**
9. Exit and restart course
10. Course restarts at slide 1 even if exited at slide 7 or 8
11. Normal behavior should be : do you want to resume or restart

Prerequisite

Side effect : This course is defined as a prerequisite for another course. Each time I restart the course, even though it should have finished, the next course no longer appears.

- Is this normal behavior?
- Is there a setting in configuration.php? In Storyline? In Chamilo?
