

- 1) I launch the file : Wings-Bridge-V3.0.0.1-Hotfix.exe
Then I get the window below:

- 2) I close the previous window (clicking on ok), then I get the following window :

- 3) As you can see, in that case, the A320 FMC is active (visible in dark gray in the center of window)
Problem : The actual FMC (the hardware), does not react (its screen remains black).

- 4) If I click on the active FMC in the above window, I get :

41) The following screen on the window :
